

## New York Golf Tournament

Written by Administrator

---

The New York Golf Tournament is a special outing held annually during the Fall at the New York Country Club in Spring Valley, NY. This golf outing is shared with the closest supporters of the Ganley Foundation and marks a day of fun and hope. Following a day out on this gorgeous golf course we unite together for a special dinner with a presentation of awards for player achievement and announcements of recent and upcoming Foundation activities.

Last year's event marked the presentation of the first annual "Friends of Jimmy Ganley Award", which was presented by Michael Madigan and Scott Iorio to Mr. and Mrs. Ganley for their distinct dedication to the Ganley Foundation over the last five years.
